

SOURABH PATIL

Computer Science Engineer | Java & Full-Stack Developer

Pune, Maharashtra, India | +91 9503622892 | sourabhpatil1745@gmail.com

PROFESSIONAL SUMMARY

Computer Science Engineering student with a strong foundation in data structures, algorithms, and software engineering principles, and hands-on experience building full-stack web applications and data-driven solutions. Proficient in Java and ReactJs, with practical exposure to data science workflows including data cleaning, transformation, and exploratory data analysis. Certified in DSA (Java), ReactJs, and Project Management, with a track record of delivering academic projects from concept to deployment. Seeking an entry-level Software Development or Data Science role to apply technical skills and problem-solving ability in a collaborative, industry environment.

TECHNICAL SKILLS

Programming Languages: Java OOPS, JavaScript

Web Technologies: HTML5, CSS3, ReactJs, REST APIs

Data Structures & Algorithms: Arrays, Linked Lists, Trees, Sorting & Searching, Problem Solving

Data Science & Analytics: Data Cleaning, Data Transformation, Exploratory Data Analysis (EDA), Pandas, NumPy

Databases: SQL, Database Design & Integration

Tools & Platforms: Git, GitHub, VS Code, Postman

Core Concepts: Operating Systems, Database Management Systems, Software Engineering

Soft Skills: Communication, Task Handling, Project Management, Team Collaboration

EXPERIENCE

Data Science Intern | NullClass

Jan 2025 – Mar 2025

- Assisted in collecting, processing, and analyzing large datasets from multiple sources to support business insights.
- Performed data cleaning, transformation, and exploratory data analysis (EDA) to identify trends and extract actionable insights.
- Collaborated with the team to document findings and present results in a clear, structured format.

PROJECTS

AI-Based Personal Assistant for Farmers | Java, Python

- Designed and developed an AI-based assistant delivering real-time guidance on crop management, weather updates, and pest control.
- Improved decision-making and productivity for end users through actionable, data-backed recommendations.

Movie Streaming Website | ReactJs, Java, MySQL

- Built a scalable movie streaming web application featuring user authentication, video playback, and search functionality.
- Integrated a relational database for content management, ensuring a seamless and reliable user experience.

EDUCATION

Bachelor of Engineering, Computer Science and Engineering

2022 – 2026

Sanjeevan Group of Institutes, Panhala, Maharashtra

- Core coursework: Data Structures, Algorithms, Database Management Systems, Operating Systems, Software Engineering.
- Completed academic projects in web development and applied problem-solving.

CERTIFICATIONS

- Data Structures & Algorithms in Java — Infosys Springboard
- ReactJs — Infosys Springboard
- Project Management — MTF
